They have to bring 20,000 ₹. people who oppose please raise your hand.

Okay So we have got 4 people. Beta, 2 people go to 8D in terrorist a.k.a Star ducks class and 2 go to Terrace and do sky diving without parachute

Rohan It is your responsibility for the execution of the Plan or your parents will come to your grave to see you.

Then the students worked very hard and their hardwork finally paid. Starducks got the first prize and the 20 students payed 1000 each and when they finally got the chance to go they overloaded the elevator and Jogesh had cut down the elevator rope and joined it with glue and unable to bear the weight of students elevator fall down and everyone died. What a perfect christmas blood and bone and what happened to the 4 student will come on next season.
